Mystery of Colonial Days. In 1670, on June 12, the settlement of Hadley, Mass., was attacked by a force of 700 Indians. When the inhabitants were in the greatest danger, a mysterious Englishman suddenly appeared and led a counter-attack against the Indians, who were defeated and driven off. The stranger, who had never been seen before in the village, was said to be General Goffe, one of the judges who had condemned Charles I to death, and who had fled to the colonies for refuge. It was supposed that he had been living concealed at the house of a clergyman in Hadley. After the conflict he disappeared and was never heard of afterward.

Willard SERVICE STATION

The Job of Insulation

Ordinary insulation nearly always gives way before the plates do, and the battery has to be reinsulated.

Willard Threaded Rubber Insulation protects the plates from the very beginning of the battery's life, and protects the car owner against the need of having the battery reinsulated.

Drop in, and we'll tell you about some of the long-life records that Threaded Rubber Insulation has made possible.

A post-war demonstration of Americanism is thus possible in this membership campaign, and it will be very effective if every ex-service man sends in his application. Only honorably discharged men are accepted, however. Following is the membership application blank:

EMPLOYER CALLS THE BLUFF OF EMPLOYEES

New York, Sept. 22.—When the employes of Goldsmith, Stern and company, one of the largest jewelry manufacturing concerns in the United States, threatened to strike unless they were granted a 25 per cent increase in wages, August Goldsmith, head of the company, offered them the entire plant at its appraised value of \$300,000 and his own services for six months without pay in helping them to run it. His offer was refused.

Garage Burns

At 3:15 this afternoon the garage at the residence occupied by Rev. Chas. R. Drake, at 655 North Fifth street, was destroyed by fire. The garage, together with some household articles stored therein, was a total loss, but the firemen kept the flames confined to the one building. It is presumed that a grass fire was responsible for the loss.

"Well Enough"

Unless an individual is placed in some exceptional environment, he seldom works up to anything like his full capacity. Human beings are naturally drawn in the direction of ease. They do not exert effort. A man will do a piece of work just well enough to "get by" with it, but only the exceptional man will do a piece of work a great deal better than the minimum of result required. Because of this universal human tendency, a man seldom reaches the higher levels of efficiency of which he is capable. He never reaches anything like his best. He does his work "well enough," and lets it go at that.—W. E. Towne.

\$100 REWARD

Sometime between the 10th and 17th of September, 1919, a pressed steel boat about 16 feet long was stolen from D. G. C. MacNeill whose lodge is situated on the river about one mile above the Ament dam. The boat was manufactured by the Mullins Company of Ohio, as shown by the plate on the gunwale. This is the only boat on the river of the kind and should be easy of identification.

Mr. MacNeill will pay the above reward for information leading to the arrest and conviction of the thieves. Address all information to the undersigned.

SEVERAL ARE BRUISED IN AUTO COLLISION

Mrs. Haymond and two children, of Gold Hill, were painfully cut and bruised yesterday afternoon when a car in which they were riding collided with another on the road between here and Glendale. Mrs. Haymond received two cuts on the right elbow and was otherwise bruised and shak-

ed. Her small son received a severe cut on the upper lip from glass from the wind shield, and the little girl was cut at one corner of the mouth. Both cars were disabled, but none of the occupants of the other machine were injured. Mrs. Haymond and children were brought to Grants Pass for medical attention.

Indigestion

Do you know that indigestion can be cured, permanently cured, so that you can eat any kind of food that you crave? It has been done not only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. Pominville, Stillwater, Minn., who had spent over \$2,000.00 for medicine and treatment was permanently cured by these tablets.

It's GREAT!
The New "TEA-FOIL" Package

It's soft and pliable—decreases in size as the tobacco is used—tobacco does not cake in the package—no digging it out with the finger. Keeps the tobacco in even better condition than tin. Now, don't you owe it to yourself to buy a package and give Tuxedo a trial?—Not quite as much tobacco as in the tin, but—
